1933 PRICE LIST

I guarantee all bulbs sent out to be in good healthy growing condition and true to name and will cheerfully replace anything proving otherwise.

Orders are booked and filled in rotation. Shipments starting April 25 and each day thereafter.

Terms—Cash with the order and minimum orders \$1, postpaid.

If sold out of a variety, I will substitute another, equally as good or better, unless otherwise stated.

If you are interested in other varieties that you do not find in this list, write me as I grow many more varieties in smaller quantities that are not listed. I may have what you want.

If your order amounts to \$3, and is sent before April 10th, you may select an extra \$1 worth of bulbs free.

I thank my customers for all past orders and solicit my share of your future trade.

I also invite you to see my gardens in bloom late September and October when dahlias are at their best.
